

Background Document for  
Roseate tern *Sterna dougallii*

# Contents

<b>Background Document for Roseate Tern <i>Sterna dougallii</i></b> .....	<b>3</b>
Executive Summary .....	3
Récapitulatif .....	3
1. Background Information .....	3
Name of species .....	3
Ecology and breeding biology .....	3
2. Original Evaluation against the Texel-Faial selection criteria .....	3
List of OSPAR Regions and Dinter biogeographic zones where the species occurs .....	3
List of OSPAR Regions where the species is under threat and/or in decline .....	4
Original evaluation against the Texel-Faial criteria for which the species was included on the OSPAR List .....	4
3. Current status of the species .....	4
Distribution in OSPAR maritime area .....	4
Population .....	5
Condition (current/trends/future prospects) .....	7
Limitations in knowledge .....	9
4. Evaluation of threats and impacts .....	9
5. Existing Management measures .....	10
6. Conclusion on overall status .....	12
7. What action should be taken at an OSPAR level? .....	12
Action/measures that OSPAR could take, subject to OSPAR agreement .....	12
Brief summary of the proposed monitoring system (see Annex 2) .....	13
<b>Annex 1: Overview of data and information provided by Contracting Parties</b> .....	<b>15</b>
Summaries of country-specific information provided .....	15
<b>Annex 2: Detailed description of the proposed monitoring and assessment strategy</b> .....	<b>15</b>
Rationale for the proposed monitoring .....	15
Use of existing monitoring programmes .....	15
Synergies with monitoring of other species or habitats .....	15
Assessment criteria .....	15
Techniques/approaches: .....	15
Selection of monitoring locations .....	15
Timing and Frequency of monitoring .....	15
Data collection and reporting .....	15
Quality assurance .....	15
<b>Annex 3: References</b> .....	<b>15</b>

## Annex 1: Overview of data and information provided by Contracting Parties

Contracting Party	Feature occurs in CP's Maritime Area*	OSPAR nominated Contact Point (in bold), or other contributor providing information	Contribution made to the assessment (e.g. data/information provided, national reports, references or weblinks)
<i>Belgium</i>	Vagrant		
<i>Denmark</i>	Vagrant
